In 2019, CFS Caseworkers counseled **147** pregnant women
11 of these women made adoption plans with a CFS Counselor

And we know that God causes all things to work together for good to those who love God, to those who are called according to His purpose. Romans 8:28

God has created women in such a way that they experience a unique bond when they give birth to a baby. It doesn't matter how dysfunctional her life may be, it's not unusual to observe them making the greatest sacrifices for the sake of their child.

Remember the story of Jochabed? Sure you do, she was Moses' mother. When she believed her baby was in the gravest of danger, she placed him in a "basket" and sent it down the river! It doesn't matter that Moses' sister was watching from the bank. It doesn't matter that this no doubt scared her to death and broke her heart. She did what she believed was in the best interest of her child. She wanted him to grow up, even with another family, and have a life useful to God.

This is the position of many of the women we work with. This ministry has been positioned to be a conduit of God's blessings for babies, families, and especially for the moms making the most difficult decision of all – to place their baby for adoption.

For most of our moms, we are able to work with them for months emotionally, financially, and by being available to them at a moment's notice. We are able to love on them and show them that God cares about them, as well as their baby. We work to equip them to make the best choice after they have all the information needed.

Thank you for YOUR support. YOU are the reason CFS is able to come alongside these moms during one of the darkest hours in their life.
